Professional Summary

I am a self-taught ethical hacker, software engineer, and budding AI innovator with a deep passion for solving real-world problems through technology. Raised in the informal settlement of Nyalenda, I learned early to transform hardship into innovation. As the founder and CEO of BookingCentre.site, I lead a startup that connects users to free, accessible booking services for housing, travel, health, and more. My journey has been fueled by resilience, purpose, and a relentless desire to use technology for the betterment of humanity. My long-term goal is to be remembered not for titles, but for the impact I created in communities around the world.

Career Objective

To grow as a globally recognized tech leader by developing innovative digital solutions that uplift marginalized communities. I aspire to earn opportunities that empower me to build scalable technologies in cybersecurity, software engineering, and artificial intelligence—transforming vision into value across Africa and beyond.

Skills

Technical Skills: Ethical Hacking & Penetration Testing, Web Development (HTML, CSS, JavaScript), Backend (Node.js, PostgreSQL), Python Programming (AI Foundations), Git & GitHub Workflow, UI/UX Design Principles, API Integration

Soft Skills: Leadership & Team Management, Problem Solving & Critical Thinking, Communication & Public Speaking, Self-Motivation & Resilience, Project Management, Creativity & Innovation, Community Engagement

Languages: English (Fluent), Kiswahili (Fluent), Luo (Native), German (Beginner)
